The oven has 3 programs plus an interior light that makes it easier to use for those who prefer simplicity – the classic program with both top and bottom heating elements, as well as the option to use only the top or only the bottom heating element.

This built-in oven with a modern design fits perfectly into any kitchen, while the simple mechanical controls ensure easy operation.

The stainless steel knobs not only contribute to an elegant appearance but are also durable and fingerprint-resistant, making the oven easier to keep clean.

The built-in oven is easy to clean thanks to the steam cleaning function, which effectively removes grease and dirt without the need for harsh chemicals.
