The advanced technology of the VIVAX kitchen hood CHO-60CHC115T B keeps noise and energy consumption at a low level of only 47 dB, with an energy efficiency class of C.

Control is possible with a fingertip thanks to the control system integrated into the appliance's surface. This option, intended for inclined hoods of modern design, offers convenience and an attractive appearance.

The time spent in the kitchen becomes more pleasant with filters that prevent unpleasant odors and purify the air. Long-lasting performance is ensured through regular maintenance.
